SUBJECT: Llangollen Landfill

DATE: JUL 18 1978

FROM: Paul E. Ambrose
Md/De Project Officer

TO: See Distribution

The new meeting date for discussion of the Llangollen - Delversan landfill problem is Aug. 3rd 1978 - 2 p.m. Air & Hazardous Conference Room 10th Floor.

Based on our last meeting (7/24/78) it was agreed that:

1. P. Ambrose to contact State & County to secure information regarding last meeting held between the County & the State.
2. Joe Donovan to examine legal implications of delay of enforcement actions.
3. Larry Miller to check for latest data of tests run on recovery or other wells and thereby establish what toxic problems exist.
4. John Egan to address any problems as it would relate to Water Supply problems.
5. Bill Schremp to review potential RCRA effect on total program.
6. Water Enforcement Branch to review Permit, determine whether discharger is listed on Major, & whether Permit modification is in order, and if permitter is in non-compliance.
